CENTERFORCE PART NUMBERS DF037672, DF325417 AND DF325450 MODULAR CLUTCH ASSEMBLIES

Enclosed is a MODULAR type clutch assembly that includes: Centerforce® Pressure Plate, Dual Friction® Disc and Flywheel. These components have been assembled by Centerforce to create a one piece modular clutch assembly. This assembly is designed as a direct bolt-in replacement for the Original Equipment (O.E.) modular clutch. The Centerforce modular clutch assembly will bolt to the O.E. Starter Ring Gear Flexplate - or install a new factory replacement Flexplate if it appears to be damaged.
