

IMPORTANT

2005-06 FORD MUSTANG 4.6L USING CENTERFORCE FLYWHEEL P/N: 700210, 900210, 700215 & 900215

Please note that the Centerforce® flywheel offered for this application has been designed with an increased friction surface area. This increase allows for greater performance from your Centerforce clutch system. The use of any other clutch (Original Equipment or Aftermarket) on this flywheel may cause interference between the clutch disc and inner diameter of the flywheel. To insure proper clutch fit and function please use only a Centerforce clutch with your new Centerforce flywheel.

Should you have any further question or require further information, contact our Tech line at :
(928) 771-8422 or visit our website at www.centerforce.com

"NOTE" Centerforce tip sheets are for general reference only. Please refer to your owners manual for vehicle specifications.
